LIFAN E4 45KPH FEATURES

ALLOY SWINGARM

The alloy swing arm is just one of the many quality features that are often only found on more expensive machines

HIGH QUALITY BATTERY

A high quality 60V 26Ah Greenway battery is fitted with LG cells to ensure reliable long term performance. A second battery can be added to double the range

EASY CHARGE

The battery charges in 6 hours, and can be done on the bike, or simply removed and recharged away from the bike, whichever is most convenient

LED HEADLIGHT

The LED headlight and daytime running lights not only give the rider a great view of the road ahead, but also ensure you are highly visible to other road users
